

What if every questionnaire made your company stronger?

RFPs, audits, due diligence  Optivalue.ai drafts, evaluates, and recommends. You validate. Done.

How does it work?

1 CONNECTION

Optivalue.ai reads and understands your document library

2 IMPORT

Questionnaire in Excel, Word, PDF, or web format

6 EXPORT

Original format, ready to send

5 RECOMMENDATIONS

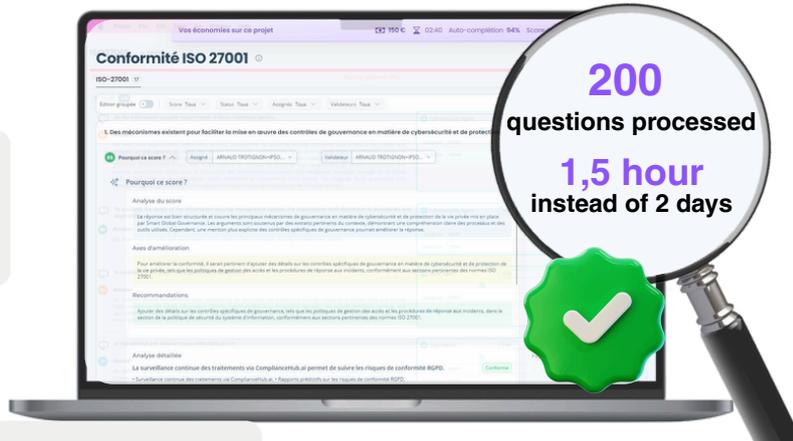

Receive actionable recommendations to improve your score

4 EVALUATION

Each response is assessed

3 DRAFTING

Sourced and justified responses

The hidden cost of questionnaires

 Your experts spend an average of 40% of their time searching for information they already have.

What about you?

Responses sent too late, teams tied up for weeks before each audit, inconsistencies discovered after submission, reporting to recompile every year... What if these problems no longer existed?

5 Strategic Advantages

1. Anticipate

Optivalue.ai shows a compliance score for every response. You see your gaps before your evaluator does

2. Progress

Optivalue.ai delivers actionable recommendations to level up.

3. Secure

Optivalue.ai is private by design built for you, deleted at contract end. Your data never leaves.

4. Accelerate

No more copy-paste. Optivalue.ai pulls the latest documents and drafts a substantiated response—ready for sign-off.

5. Control

Unlimited projects and users, predictable pricing. No billing surprises.
